

To whom it may concern:  
A&E Painting

I have known Alex and Mary for several years. They are hard working honest folks. They have painted several homes in our community, which is Grey Oaks in Tarpon Springs, FL. They painted my house about 4 years ago and to me it looks like it was just painted yesterday. They also power washed, repaired, and painted our front entrance to the community. They recently painted my brother's home as well in Champion's club. His worker's are very meticulous and neat. I highly recommend this company for any painting needs.

Sincerely,
