**Re: Letter of recommendation for A&E Painting.**

**Dear Home Owner,**

**I had my Pinellas County home painted by A&E Painting about three years without a problem. They were responsive and attentive. I admit, I'm a very picky person and not always easy to please. A &E Painting took the time to work with me and did a good job. So much so, I recommend them to my friend & next door neighbor who is now currently having their home painted by A&E.**

**We are now in the process of moving to Hillsborough County. The home we bought needs painting inside & out desperately. No problem, A&E Painting is on my the job now and I'm loving it!  
Good honest, hard working people!**

**With appreciation,  
Nancy Grace Price**
